

# Placement Cell

Placement cell at centre for student's welfare, college serves as platform between the students of COH and plethora of industries. The placement cell hones the employability skills of the students through various career development activities. The cell guides them in selecting their career path by providing various resources and activities to facilitate the career planning process.

The cell helps in conduct of Campus Interviews throughout the year in relation to employers indent. Companies participate annually in Campus Placement activities.

The Placement cell in the college is the life line for the outgoing students to seek jobs especially in the private sector like seeds, pesticides, fertilizer industries etc. The placement cell provides guidance to students for employment. The other activities of the cell include regular correspondence with the industry, providing soft skills and training for facing the interview. Apart from private sector, students are also joining public sector and Government organizations through competitive examinations. The students are getting placement in various organizations/sectors.
